

REACH (EC no. 1907/2006)
(Registration, evaluation, authorisation and restriction of chemical substances)

Processing status 27/06/2018

Declaration for the implementation of REACH for products containing lead
(Turned parts made from lead, steel, and aluminium alloys) ¹

- MTCONNECTIVITY power2pcb GmbH (MTCON) supplies turned parts made from lead, steel, and aluminium alloys. These are products in accordance with the REACH regulation.
- MTCON, in accordance with REACH, is a "downstream user" and, as a "product supplier", has various obligations regarding the disclosure of information along the supply chain.
- The products made from lead alloys (lead content > 0.1 % w/w) contain the following SVHC-identified substance in concentrations greater than 0.1 % (w/w).

Substance	CAS/EC number	List	Date of inclusion	Remarks
Lead	CAS: 7439-92-1 EC: 231-100-4	SVHC	27/06/2018	The inclusion of lead as SVHC on the candidate list primarily triggers relevant information obligations in the supply chain.

The packaging does not include any of the substances (SVHC) contained in the candidate list which has been updated until the processing status mentioned above in concentrations greater than 0.1% (w/w). Updated candidate list: <https://echa.europa.eu/de/candidate-list-table>

- Products made from copper, steel and aluminium alloys are not substances or products according to CLP/GHS and are not subject to the labeling or classification obligations.
- Please send your queries to your MTCON sales contact person or to the following email address: info@mtcon.eu
- Comprehensive information on REACH is available on the following link on the ECHA homepage: <https://echa.europa.eu/de/regulations/reach/understanding-reach>
